Project Updates

Under Construction ▼

Marriott Hotel - West Energy

Houston, TX - Construction has begun on this new 206-room Marriott Hotel in Houston's West Energy District. This 10-story, full-service hotel features a restaurant /bar, exercise room, business center and indoor/outdoor water elements. The custom design also includes a 4,010 sq. ft. Grand Ballroom on the 10th floor. The primary Mayse project team includes **Ron Smith, Jared Smith, Valerie Nichols, Mark Richardson and Hui-Ling Huang.**

In For Permit ▲

Remington Medical Resort

Lone Tree, CO - This new concept in skilled nursing and rehabilitation facilities should be breaking ground soon. The three-story, 45,288 sq. ft. "medical resort" will feature two patient room wings, a café/library, barber/beauty shop and physical therapy room area.

The Mayse project team includes **Gregory Daspit, Meghana Joshi, Greg Guerin, Mike Chappell and Jeremy Lavergne.**

Recently Awarded

Texas - Multiple remodel and ground-up projects for an economy hotel chain.

Dallas - Interior remodel of a store location for a nationwide retailer.

Nationwide - Interior design for multiple medical resorts.

Little Rock, AR. - Conceptual design for a 230-key full-service hotel.

In Construction Documents ▲

St. Kim Flats

Dallas, TX - Construction documents are underway on this 26 unit condominium complex. The building is three-stories, sitting atop a parking podium. The Mayse project team includes **Philomena Hu and Dan Kazachki.**

Recently Completed ▲

Burger King Rebuild

Carrollton, TX - A new Burger King restaurant, sporting a fresh design, has opened in Carrollton, Texas. This 2,968 sq. ft. quick-service destination replaces the former restaurant building had been there for more than 20 years. The Mayse project team was headed by **Philomena Hu.**

New Talent

Mayse & Associates has bolstered its interior design capabilities with the April hiring of **Corina Diaz** as Senior Interior Designer and **Shannon Klingele** as Interior Design Senior Project Manager.

Corina graduated Cum Laude with a Bachelor of Science in Interior Design and Minors in Art and Technology from Texas State University - San Marcos. She also has held executive positions in the Phi Omicron Upsilon Honor Society. Corina offers the unique perspective of having served on both the owner and provider sides of interior design having spent nearly three years as a project manager with AT&T Services, Inc.

C. Diaz

Shannon graduated from Oklahoma State University with a Bachelor of Human Environmental Sciences, in Interior Design. She brings extensive experience in restaurant design, having served nine years with Brinker International, most recently as a Concept Planner.

S. Klingele

Rosa Soto also joined the firm in April as a Senior Project Manager. Rosa graduated with High Honors from the Illinois Institute of Technology with a Bachelor of Architectural Technology. She also spent a year in Paraguay, South America as a volunteer with the U.S. Peace Corps.

Two more Mayse team members achieve RAS certification

Mayse & Associates congratulates Barbara Rystrom and Jared Smith on becoming the firm's latest Registered Accessibility Specialists (RAS). Barbara and Jared, both senior project managers, are now qualified to provide project registration, plan review and inspection services statewide for both private and publicly funded buildings and facilities in order to verify compliance with the Texas Accessibility Standards (TAS).
